PRESS RELEASE

The much anticipated **9th edition of Climate Change Forum «Investment in Sustainable Development»** will take place on **6-9 March 2023 in Los Angeles/Beverly Hills, the USA**, the first in the Western hemisphere.

The event follows CC Forum's highly successful in-person editions in London (October 2022) which saw the biggest concentration of impact wealth over the recent years, the Kingdom of Bahrain (March 2022) under the High Patronage of the **HRH Prince Salman bin Hamad Al Khalifa, the Crown Prince and Prime Minister**, in Cote-d-Azur (July 2021), Dubai (April 2021), Monte-Carlo under the High Patronage and in the presence of **HSH Prince Albert II of Monaco** (September 2020) and London (October 2019) which received a royal greeting by the late **HM Queen Elizabeth II**.

CC Forum London widely referred to by some journalists as «green Davos» brings together major global investment funds, family offices, VC capital firms, UHNWs and HNWs, senior government officials, members of royal families, brightest startups and well-known public figures to brainstorm on the ways of confronting the current crises.

CC Forum addresses such issues as **Climate Change, Clean Energy, Government Strategies, Impact Investment, Preservation of the Oceans, Emerging Technologies, Finance and Fintech, Healthcare and Education, Philanthropy and Social Inclusion**.

CC Forum's previous participants included among others **HSH Prince Albert II of Monaco, Ban Ki Moon, Stanley Johnson, Placido Domingo, Nouriel Roubini, Tim Draper, Dame Jane Goodall, HSH Princess Charlene of Monaco, HSH Prince Michael of Liechtenstein, HE Sheikh Awadh Magrin bin Sultan, HH Sheikha Noora Al Khalifa of Bahrain, HH Sheikha Hend Al Quessimi, Gunter Pauli, Michael Flatley, KGRA Ayla Aldjufrie, David Arkless and Julian Lennon**.
